Dance Movements

I'm Looking At You

Song Lyrics	Dance Movements
I'm looking at	Point to your eyes rhythmically with both index fingers
you	They point forward at the others Clap to the rhythm Keep pointing forward
You're looking	Point to yourself at chest height
at me	Clap to the rhythm
We look at each other	Stretch your arms and index fingers out to the sides, then bring your fingers together (the fingers "face each other") Clap to the rhythm Raise both hands and "speak" with them
Tell me, what do you see?	They lift their hands, palms up and shrug, asking a question. Clap to the rhythm
I see wonderful people everywhere	Put one hand above your eyebrows and look from side to side
I think I have	Touch your temples with their index fingers
to say	Touch your mouth
"hello"	Wave at the others
I say hello	Wave to the right rhythmically
I say hello	Wave to the left rhythmically
I say hello	Wave to the right rhythmically
To you and you and you	To the beat of the song, point to three different people in the class
