Drumming Strumming

Song Lyrics

Dance Movements

First you	Take a step forward with one foot (but not the other foot)
take	Take a step forward with the other foot
four	Take a step back with one foot (but not the other foot)
steps	Take a step back with the other foot
Then you take more steps Make a square on the floor	(Repeat the previous 4 steps 4 times to “draw a square” 4 times on the floor for the first 3 lines of the song)
Hop to your left	Hop three times to the left
Hop to your right	Hop three times to the right
Turn around slowly now	Turn around slowly
Listen to the drums	Lift a hand up to your ear to listen
And look around	Put a hand above your eyebrows and look around
People are dancing	Dance freestyle
All over town	Stretch your arm out to one side and draw a semicircle in front of you
Hear that drumming	Play drums with both hands
Guitar strumming	Play air guitar
Dance to your right	Dance four steps to the right
And dance to your left	Dance four steps to the left
Up,	Look up and point up with your index fingers
down,	Look down and point down with your index fingers
right,	Look right and point right with your index fingers
left	Look left and point left with your index fingers
Your hands, your head	REPEAT THE PREVIOUS 4 GESTURES
Dance to your right	Dance four steps to the right
And dance to your left	Dance four steps to the left
Wave and clap your hands	Wave your arms above your head from side to side Keep your arms up and clap along with the song
Everyone clap your hands	Start with your arms stretched out in front of you and sweep them open to the sides Clap along with the song
