

Dance Movements

Vacation's Near

Song Lyrics

Summer ´s here.
Vacation ´s near.

I want to go fishing

And sail in the sun.

School is done
In just a week.

Let ´s go to the mountains

And climb up a peak.

No television for a month
(Oh no!)

I ´ve got to read a lot of

good books

I ´ve got to play,

I ´ve got to run

I ´ve got the trees

I ´ve got the sea

I ´ve got the pool

And I ´ve got you

I like playing tennis

I like reading books

I like going rafting

And learning to cook

I like rollerblading

I like singing songs

I like dancing to them

Won ´t you dance along?

Dance, dance, dance along

Dance, dance, dance

Come on!

Dance Movements

Wipe the sweat from your forehead

Lace the fingers of both hands together behind your head and look up at the sun, smiling

Grab a fishing pole with both hands and throw it rhythmically forward

Grab an enormous ship ´s rudder with both hands (above and in front of your head) and move it from side to side

One hand writes on the other hand, as if in a book

Show 7 fingers (for the days of the week)

Form a mountain peak high above your head, joining both sets of fingertips

Looking up, make a climbing motion, alternating hands

Trace a large square in front of you with both hands

Show a look of great apprehension, with your elbows against your chest and closed fists against your chin

Open both hands in front of you like a book and "read" it, moving your head from side to side

Show two raised thumbs

With two hands, throw a basketball from chest level

Run in place

Form your arms into a circle (like a tree) above your head

Trace the up-and-down shape of ocean waves in front of you, moving your right hand at chest level from right to left

Make a swimming motion with your arms

With an index finger, point to the others

Swing an arm from back to front as if playing tennis

Open both hands in front of you like a book and "read" it, moving your head from side to side

Row with both hands to one side holding an oar, as if in a canoe

As if you were stirring soup in an enormous pot in front of you, grab a huge spoon with both hands and stir in circles

Rollerblade in place, moving your arms back and forth like a rollerblader

Hold a microphone with one hand and sing into it

Dance any way you like!

Point rhythmically at the others with a index finger

Dance any way you like!
