

# I Like You

I like you.  
Hello! Hi!  
I've got blonde hair  
And blue eyes.

I like you.  
Hello! Hi!  
I've got black hair  
And brown eyes.

I like you  
And you like me.  
With my friends  
I'm happy.

I like you  
And you like me.  
With my friends  
I'm happy.

Enough money for our guns;  
Not enough to feed everyone on the planet.

Is this justice? Is it fair?  
So much for us right here  
And nothing for the others.  
Does anybody really care?
