## Hello, Hi There

### Song Lyrics

Hello! Hi there!

How are you?

What's your name?

I like

you!

Hello! Hi there!

How are you?

Be my friend--

I like

you!

### Dance Movements

Wave hello with one hand

Raise your hands to the sides, palms up, asking a question

Hold an imaginary book with one hand and write your name in it with the other

Point to yourself

Point to your friend

Wave hello with one hand

Raise your hands to the sides, palms up, asking a question

Put both hands on your heart

Point to yourself

Point to your friend
