

A Scary Castle

Last winter I was at a castle
Next to a deep, black lake.
There were rooms so cold and empty
I saw them and started to shake!

There were knights standing in the corners

There were cobwebs everywhere.
There were shadows dancing behind me
But of course I wasn't scared.

BOO!!
Aaaaahhh!!

It's a ghost!
It's a ghoul!
It's a witch with a crown full of jewels!
It's not a castle!
It's a trap!
I've got to go!
I'm never coming back!
