

Hunger

20,000 children die every day.
I wonder why this happens.

They don't have enough to eat.
There's a name for this disease.
It's hunger.
I wonder, does anybody really care?

Does anybody care? I don't see it.
Does anybody care? I don't see it.
Does anybody care? I don't see it!
Does anybody care? I don't see it!

Bad things
Sad things
Someone tell me what's happening

If it's this way
I say
You and I, we can change it

Bad things
Sad things
Someone tell me what's happening

If it's this way
I say
You and I, we can change it
Change it

Hunger

Enough money for our guns;
Not enough to feed everyone on the planet.

Is this justice? Is it fair?
So much for us right here
And nothing for the others.
Does anybody really care?
