

Dance Movements

The Animals

Song Lyrics

Oh, the dogs say woof

The cats say meow

The birds say tweet

I wonder how

The animals learned to talk like that

We should talk right back

Oh, the pigs say oink

The cows say moo

The lions say roar

I tell you

If animals learned to talk like that

We should talk right back

The animals

Talk to us

The animals

We talk back

The animals

Say so much,

like woof and meow and tweet

and oink and moo and then

roar!!!

Dance Movements

Put your hands together, curved forward and in front of your chest

Show your cat claws on either side of your head

Extend your arms to both sides and flap them like wings

Shrug and raise your hands, palms up

Make two chicken beaks with both hands and “speak” with them

Point to your chest with both index fingers

Push your nose up with one finger

Put your hands above and behind your head and move your “horns”

Raise your paws like a lion(va con los leones)

Point to yourself

Point to your friends

Make two chicken beaks with both hands and “speak” with them

Point to your chest with both index fingers

No gesture

Make two chicken beaks with both hands and “speak” with them

No gesture

Make two chicken beaks with both hands and “speak” with them

No gesture

Make two chicken beaks with both hands and “speak” with them

They do the six gestures that they’ve made up, one after the other

They do the six gestures that they’ve made up, one after the other
