

What's War For?

Come on, everybody
Let's talk about it
Scream and shout it
We don't want war

Come on, everybody
Let's talk about it
Scream and shout it
We don't want war

Every day I see
Bad news on TV
It stays inside my head
And makes me very sad

How much does a gun cost?
What's a life really worth?
Real people are dying.
I say NO MORE WAR!

War! What's it for?
I don't know
I don't, I don't
War! What's it for?
I don't know
I don't, I just don't know
