

Song Lyrics

Dance Movements

I run faster than lightning.

Run in place

Come and see me. It's frightening!

Touch your eyes with your index fingers

Hold your hands up by your chin and your elbows against your chest, and look around with a frightened/worried expression

I jump higher than a building.

Raise your hands over your head and draw a

rectangle for a skyscraper with your index fingers

Come and see me. It's thrilling!

Touch your eyes with your index fingers

Look surprised and put one hand over your eyebrow and look upwards

Yes, I'm stronger than King Kong.

Do the monkey and scratch your ribs

That old monkey's not so strong.

Ball up your fists, flex your biceps and shake your head (to say no)

I win Saturday to Friday.

Hold up your index finger (1 of 7 days)

I'm not joking. Get

Hold up seven fingers (7 of 7 days)

Shake your head to say "no" and stretch out your arm holding your index finger up and moving it from side to side

out of my way!

Curve your right arm with your hand in front of you, palm facing forward. Move your hand rhythmically pushing outward.

I always win.

Show both thumbs pointing up

I never lose.

Show both thumbs pointing down

I'm just too

Smile smugly (you're proud of yourself) and point all your fingers toward yourself (hands open, palms facing you)

cool.

Stretch your arms out to the sides

But then

Look disappointed, shrug and cross your arms over your chest

I wake up again.

Yawn opening your mouth very wide, start with your fists by your cheeks and stretch your arms out to the sides with your fists balled up

Still....

Cheekily hold up your index finger

Always win

Show both thumbs pointing up (NOTE: The absence of a subject in these two sentences comes from slang.)

Never lose

Show both thumbs pointing down

Breaking records

Pretend to snap a tree branch: take a rolledup sports diploma and "break" it in two

Making the news

Close your fist and pretend to speak into a microphone

Song Lyrics

I get gold

Every time

I windsurf or I

ski

I'm Mr. Victory

In my sweet dreams

FRASES DEL SUEÑO DE DANI

1x: Dani's got the ball. He runs. He cuts. He's up.

It's in! Dani wins! Dani wins! Yes, sir!

2x: Dani's got the ball. He shoots. He scores!

Dani wins again!

3x: Dani hits. It's going long. It's a home run!

Dani wins again!

Dance Movements

Join your thumbs and your index fingers to make a (round) medal on your chest

Make a horizontal "X" by crossing your forearms in front of you, hands open and palms down, and then quickly sweep them wide open

Windsurf, holding the sail in front of you as you try to keep your balance

Nordic skiing: ball your fists to hold your ski poles and move your arms backward rhythmically

Cup your hands together (as if you'd caught a fly) and move them from side to side above your head

Put your palms together, lean your head to one side and rest it on your palms
