What Time Is It?

Song Lyrics

What time is it?

I wake up and

brush my teeth at
eight o'clock

What time is it?

I eat breakfast and

go to school at
nine o'clock

I can tell time

I can tell time

I know if it's eight o'clock

Or if it's nine

Ask me please what time it is

I'll tell you, sir, what time it is

One o'clock

Two o'clock

Three o'clock

Four o'clock

Five o'clock, six o'clock

Seven o'clock, eight o'clock

Nine, ten, eleven and twelve o'clock

Dance Movements

Shrug and raise your hands, palms up

Stretch your arms over your head as if just waking up

Pretend to brush your teeth

Show 8 fingers

Repeat the gesture from the first line

Pretend to spoon food into your mouth

Move your arms as if you were walking

Show 9 fingers

Point to your watch (or to your wrist)

Show 8 fingers

Show 9 fingers

Point proudly to yourself at chest level with your thumb

Point forward rhythmically

Show the numbers with your fingers. You can show one and two fingers again for 11 and 12.
