

## Dance Movements

## THE TOY SHOP

### Song Lyrics

I have a car

And you have a Doll  
Doll

I have a robot

And you have a Ball

Ball

Toys!

Toys!

Everywhere!

A yellow kite and a teddy bear

At the toy shop Toy shop

At the toy shop Toy shop

### Dance Movements

Drive a car with both hands

Cradle your arms in front of your chest as if to hold a baby, and rock the baby from side to side

Move like a robot, with your arms bent

Throw a basketball with both hands

Do it again!

Stretch one arm out to the side

Stretch the other arm out to the side

Starting with your arms together and stretched in front of you, open them to the sides

Hold a kite with both hands and fly it from side to side

Hug a teddy bear to your chest

Dance your own way!
