

# THE ONLY RACE

The only race  
Is the human race  
The only race  
Is the human race  
Ooh, ooh

My race, your race  
What does that mean?  
She could be blue  
And he could be green.  
A face is just a face.

We're from here  
And they're from there.  
Don't we all breathe  
The very same air?  
Inside we're the same.

The only race  
Is the human race  
The only race  
Is the human race  
Ooh, ooh
