

Dance Movements

I'm A Spy

Song Lyrics

First a train
To China

Then a plane
To my secret island

Like a ghost

Noone knows

Who I am

Catch me if you can

I'm a spy

Spy!

I'm a spy

Spy!

You cannot

see

Where I hide

I'm a

spy

You can't catch me

I'm on a plane

Up in the air

I'm under the sea

In a submarine

I'm in a car

Or in a rocket

I am a spy

You can't catch me

Dance Movements

Hold up a fist and pull on the rope of an old train whistle
Put your palms together in front of your chest and bow slightly

Spread your arms like airplane wings

Stretch out your arms, join the tips of your fingers and form a horizontal circle

Stretch your arms forward, palms down, and wiggle your fingers like a ghost as you raise your arms

Raise your index finger and move it from side to side

Point to your chest with a finger

Do the "fly catcher" gesture, closing your fists quickly several times in front of you

Hide behind your raincoat (curve your arm in front of your face to cover it)

Repeat the gesture with the other arm

Point to the others with your index fingers

Point to your eyes rhythmically

Cover your face with both hands

Point to yourself

Hide behind your raincoat

Raise your index finger and move it from side to side

Spread your arms like wings

Raise your arms and point up with your index fingers, moving them rhythmically

Point to the floor rhythmically

Make a periscope and look out: hold a fist by each side of your head and rotate your head slowly

Turn a steering wheel

With your arms above your head, join your palms together

Hide behind your raincoat

Do the "fly catcher" gesture, closing your fists quickly several times in front of you
