a farm

outer space

the city

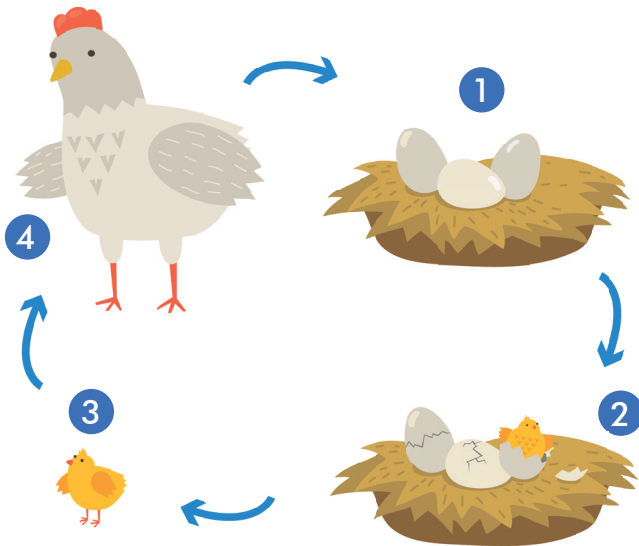

OUTER SPACE CHICKEN RACE

1 Listen to the song. Number in the correct order.

- Feathers fly all over the place
- Outer space chicken race
- In outer space
- A race

2 The life cycle of a chicken. Read and number.

- The chick is a baby chicken.
- 1 The hen lays eggs.
- The eggs hatch.
- The hen is an adult, female chicken.

2 Read and circle: True or False.

Did you know?

Outer space is outside the Earth's atmosphere. It begins about 100 kilometers above the Earth. In outer space there is no light – it is pitch black. Astronauts need to wear special spacesuits to travel to outer space. There is also no air which means that space is completely silent.

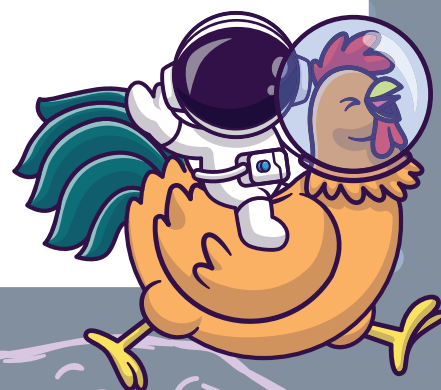

- | | | |
|--|------|-------|
| 1 Outer space is inside Earth's atmosphere | True | False |
| 2 Outer space begins 100 kms. above Earth | True | False |
| 3 There is a lot of light and air in outer space | True | False |
| 4 Astronauts need special suits to go to outer space | True | False |
